Arguably the most high profile racer cruiser yacht in existence. She is an entirely new species of big boat: a 100-foot yacht that undergoes a stunning metamorphosis between a potent racing machine and a 5 stars luxury, crewed charter yacht.

Designed by Bruce Farr and built by McConaghy Yachts, the Maxi 100 LEOPARD 3 is a great combination of a record-breaking offshore race boat and a stylish superyacht for sailing in the Caribbean and the Med!

In cruising mode, she offers space and comfort for six guests in three cabins, one large saloon and dining area, a cockpit table for lunches under the sun awning, and a wide sunbed area on the aft deck. In race mode, she turns into a light super maxi that can compete with the fastest race boats on the circuit, demonstrating her pedigree once again by winning the Rolex Maxi Yacht Cup and the Voiles de St Tropez in 2016, after beating many world sailing records across the Atlantic and in the North Sea!

Also very successful on the charter market, she is fully MCA compliant and has a very high annual revenue that makes her financially competitive all throughout the year.

LEOPARD 3's records:

Cape Town to Bahia Race record in 2009

Powered sailing systems 24 hour record (495.1nm) in 2010

Round the Island Race record in 2013

Transatlantic Ambrose Light - Lizard Point record in 2008
